

# Empowering your spinal surgery decisions

**FREE**

Patient Information Seminar at  
St John of God Murdoch Hospital

## Spinal surgery with Greg Cunningham

Assoc Prof Greg Cunningham is a spinal surgeon with unique experience having completed fellowships in both orthopaedic and neurosurgery spinal specialties. He utilises some of the most advanced techniques in spinal surgery available worldwide, including motion preserving disc replacements, key-hole surgery and computer-assisted 3D navigated surgery. His patient information session will focus on Sciatica, Radicular Arm Pain and Spinal Disc Replacement Surgery.

**Date:** Friday 4 August with Assoc Prof Greg Cunningham

**Time:** 12.00 - 1.30pm **Where:** St John of God Murdoch Hospital Auditorium

Light refreshments included plus question and discussion after the presentation.
